

CHC43315 Certificate IV in Mental Health

GALLANG PLACE

Course description

During this course, you will learn how to work in the mental and social health industry, as a support worker, or outreach worker for people with complex mental health conditions.

You will learn about implementing community based programs and activities focusing on mental health, mental illness and psychiatric disability.

This qualification enables you to work autonomously under the broad guidance of other practitioners and professionals.

To achieve this qualification, you must complete at least 80 hours of work placement.
